

MESSAGE OF THE IMMACULATE CONCEPTION

given to the seer ANGELA BARTOLI near the
Spring of Water "Donzella" at VELLETRI (Rome)
in Italy

on Saturday, 1st FEBRUARY 2014 at 9:45 a.m.

"My children, I thank you again that you came to Me with so much faith, because today you've to pray more than the other days, because we must win.

There will be no feast for him (the devil), because we win with our prayers, My children!

I want to tell you one important thing: go to your Priests in order to make yourselves explained the meaning of the Ark of the Covenant.

It 's an important thing, My children, even if you say to know it, but you don't know it; they've to explain you it what it may mean, because now this is important, My children.

When you come home in the evening or go back to My Son's House and you realize that some little sheep gets lost or it's wounded, What do you do, My children? Do you abandon it?

No, it needs you as We need you.

Remember, My children, that you don't care those who are well , but those who are bad, therefore, My children, pray for Pope Francis, your Pope, who needs it so much, because you don't think, My children, that He's well where He is: they attack also Him and they try to attack Him badly, because Pope Francis is a strong disturb for him (the devil)!

Now, My children, I'm telling you one thing: always be together because, as you know, the evil one attacks everyone, however, remaining united, you manage to oust him.

And ... that God's blessing be upon you and it may remain there forever!

Your Heavenly Mother.”
